

Shaping the Future of Oak Park Parks

FOX PARK PRE-CONSTRUCTION INFORMATION MEETING

TUESDAY, APRIL 15, 2008 AT 7PM
FOX CENTER, 640 S. OAK PARK AVENUE

You are invited to attend a pre-construction meeting for the renovation of Fox Park to review project details and the expected construction timeline.

In January 2007, the Fox Park site plan was accepted by the Park Board after a 3 month planning process which included focus groups and community meetings to collect community input regarding the future of Fox Park. Phase one of the site plan will commence in early August with major improvements to the north end of Fox Park to bring it all to grade by filling in the sunken area. New creative play areas will be installed and the water feature area will be restored. New swings, improved restroom accessibility and landscaping are also part of the Fox Park Project.

Construction is slated to begin in early August and is expected to be substantially completed by late November.

For more information regarding the Fox Park Site Planning process and the renovation project, please visit www.oakparkparks.com and select "Future Plans and Current Projects." You may also contact Mike Grandy, Building and Grounds Superintendent, at mikeg@oakparkparks.com or Gary Balling, Executive Director, at garyb@oakparkparks.com.
