Mother & Daughter Scrapbooking at Cheney Mansion (Ages 5+)

LP

Moms, spend quality time with your daughter creating a beautiful paper album keepsake of favorite memories. Albums also make great gifts for family members and friends. All supplies and tools will be provided by Oak Park Independent Creative Memories Consultant Kari Harris, who will guide you in crafting your 14 page album and embellishing it with stickers, title sticker sheets, die cuts & more. Bring 25-30 photos, 4" x 6" or smaller. Light refreshments are included, and each Mom-Daughter duo will receive a goody bag. Includes light refreshments. Consultant: Kari Harris

Sa, Apr 4 \$40 per pair

(cost includes one album, \$25 for each add'l album)

One Day Workshops

Totally T-Shirts Workshop

(Ages 6-12)

SW

This highly active workshop will allow children to completely transform an ordinary t-shirt! Come ready with a few types of old, new, favorite or ripped shirts to morph into your new design. Everyone will personally use spare fabric, fabric markers, paint, glue, buttons, patches, sequins, etc. to bring an old shirt back to life. Children can cut, tear, splash paint, sew and dye their t-shirts. There are over 100 ways to practice being a t-shirt designer and it is a great way to express yourself through clothing - it's walking art.

NEW! Family Mosaics Art

(Ages 5+)

SW

Don't let April showers slow you down - join us as we anticipate spring by making bright colorful garden stones and mosaic garden pieces. In the April workshop we will create a handmade tiled terra cotta pot. In May bring a small table top or chair to be transformed into a functional and beautiful work of art to adorn your garden all day long. We will make garden stepping stones each month. Pricing is per family, up to four people in each family.

Mosaics Studio Workshop

(Ages 6-12)

SW

Children will discover the ancient art form of mosaics in this unique workshop. Each child should bring a few things from home that they would like to add to an unusual and decorative mosaic piece made of found objects. Items can include kitchen utensils, flower pots, lamp bases, mirrors, old chairs or stools, belt buckles, cork boards or even a piece of (safe) wood to construct your own wall hanging. The children will learn how to magically adapt their art to the pieces they bring. Through technique, experimentation and the individual formations of the mosaics, children will leave with a greater appreciation for the arts and their helping hands.
