Summer Camps

Eco-Art Camp (Ages 7-11)

HY

4 days a week, 3 or 2-week sessions
Location: Oak Park Conservatory

Learn basic drawing, painting and simple sculpture skills influenced by the natural world around us. Educational craft projects for each of the four seasons will be created using the elements of water, wind, fire and earth, with emphasis on the use of natural paints, dyes and fibers. Sculptural forms will include natural materials as well as recycled objects. Students will keep a sketchbook journal and find out how their choices impact the earth, environment, animals and ocean life. Materials from the Jane Goodall Institute, The Center for Global Environmental Education and The Willowbrook Wildlife Center will be provided.
